Published in the interest of the residents of Champion and District.

The 1936 Frigidare. These are not "delusions" — they are actual, definite, provable facts. Now, more than ever, Frigidare is the ideal refrigerator for your home. Now more than ever, Frigidare is your assurance of safe, dependable, economical refrigerator. See it to-day!

Conrad Leback Sr. of Calgary is back with us again for a short stay looking in the best of health.

The Beach. You don't buy a kitchen range off no-one else twice in a lifetime — yet there is no other place here of furniture in the home that is called upon to "die" as often as the stove. A good woman who found a store is the housewife's thousand dollars. How most important help would you like to have made and consequently "Bea Hur"?

Interesting Address

Mrs. Rogers M. L. A.

The United church was filled on Tuesday with members and adherents of the Women's Institute, the attraction being Mrs. Rogers M. L. A. who came to speak on Legislation, for Mrs. Dawson the chairman of that committee.

After a short business session Mrs. McLean sang a charming solo, accompanied by her daughter Elsie.

Then Mrs. Rogers spoke at some length on the different bills passed at the recent session of the Alberta Legislature. This member is particularly interested in the natural resources and brings the mind of a practical first woman to bear on the best way to utilize the same. In fact a considerable portion was so like what Mrs. Ulrich of our Canadian Industries board has been drilling into us for several years past that we could almost anticipate what was coming. The Legislature would be well advised to give Mrs. Ulrich an executive position in that department.

A cheese factory is to be started at Brooks. Broom corn being grown at Taber will be made into brooms in the province. Charcoal for use in grills, etc. is being made in the north. A woolen mill is being built. Cattle factories are to be encouraged to utilize the sugar from the Raymond and Picture Butte factories. Paper is to be made from straw. Numerous products from smaller sized potatoes are being manufactured, these include custard powder, potato flour, starch and wall size. For further details consult Mrs. Ulrich, she can tell all about the tanning and honey factory at Taber, the various wood products made in Lethbridge. The members wives had far more fun than the members who were pretty busy. So ladies do not try to be a member but a member's wife at the next election and take what fun you can.

Miss Rita Connolly gave a reading from the Habitant poet Drummond, and the meeting adjourned to spend a social hour when everyone was presented to the guest of honor and all enjoyed a good cup of tea made by Mrs. Stephenson. Refreshments, sandwiches and cake

were provided by Mesdames Walker, Hummel, T. Ashmore, Farmer, C. Ashmore and Alex. Under. Mr. Bond sent the cream. Even the weather helped to the meeting a success, several lovely blooming plants added a bright note, as did the return from the south of our honorary president and our acting president.

Together Mrs. Dawson must be congratulated on the success of her meeting. The collection was 2.40 and one new member enrolled.

Harmony Council Meeting

The regular monthly meeting of the Council of the Municipal District of Harmony 12, was held on Friday, April 3rd, all members of the Council were present, and Reeve Griffin presided.

The minutes of the previous meeting were read, and on motion of Councilor Ellis, same were adopted. (Carried.)

Adjutant Waterston, of the Salvation Army, interviewed the Council in respect to the 1936 grant. Councilor Smith moved that we approve a grant of \$100.00 as in previous years. (Carried.)

Councilor Smith moved that the refund held by the Municipal District be turned over to the Canadian Bank of Commerce. (Carried.)

Councilor Ellis moved that no accounts presented in respect to Thomas, L. I. Groves and Ted Davis be tabled. (Carried.)

Secretary read correspondence from the department in respect to Highway 12. On motion of Councilor Ellis, same was ordered tabled. (Carried.)

Councilor Smith moved that resolution be forwarded to Ottawa, in respect to the Canadian Wheat Board. (Carried.)

Correspondence was read from H. Coffey of Valdez, in respect to additional relief for April, and on motion of Councilor Matlock, the Secretary was instructed to advise the Valdez further issue will be forthcoming. (Carried.)

Application for settlement under the Land Settlement Scheme was read from Mr. E. Watkins, and after a lengthy discussion, Councilor Smith moved that this Council do not consider such plans at the present time. (Carried Unanimously.)

The Council next discussed the Fuel Oil situation, and Secretary was instructed to draft up a By-Law, and that we ask the Provincial Government for a loan of \$25,000.00 to carry out the programme. Councilor Smith moved that the above in the form of a motion, same carried.

Secretary presented an account from the General Hospital, and on motion of Councilor Matlock, same was ordered tabled. (Carried.)

Councilor Smith moved that the Municipal District sign contract, and secure all office supplies from the Alberta Educational Publishing Agency at Edmonton. (Carried.)

Councilor Smith moved that Municipal District adopt a By-Law in respect to discounts, and that the following table apply 10% discount on current taxes paid on or before June 1st, 1936, 7% discount on current taxes paid on or before September 1st, 1936, 5% discount on current taxes paid on or before December 1st, 1936, the motion carried four to two, Reeve Griffin and Councilor being opposed. (Carried.)

Councilor Ellis moved that we set the Mill rate at 6 Mills, the motion lost.

Councilor Hopkins moved that we set a rate of 7 Mills for 1936, this motion carried.

Councilor Matlock moved that the Reeve, Secretary and Councilor Hopkins, be appointed a committee to make a deal with William Christie and that they be authorized to act as they see fit, and arrive at some settlement with this man, in respect to the \$147,124.14. (Carried.)

Councilor Matlock moved the adjournment at 6:45 o'clock.

Sanford Anderson has been appointed assessor for this year.

W. S. Ryan returned from the east this week. Mrs. Ryan met him at Stedley, Montana, returning to their home at Warner.

Chas. Lucina of the Arctic Oil Company has been in Nanton making arrangements to build a service station for his company.

Ladies' Aid Luncheon

On the day of the local Musical Festival, Friday, April 21st, Mrs. Walker's group of the Ladies Aid is serving a substantial luncheon at noon in the basement of the Community hall. This is designed primarily, of course, as a convenience for parents and pupils from the rural districts and from other towns. However, it is expected that great interest will be manifested in the luncheon by residents of Champion, many of whom may prefer to lunch at the hall rather than

go home and return for the afternoon companions.

The luncheon is planned with the income and the effort. In mind, but the menu will appeal to adults as well and the ladies of the Aid are well-known as good cooks. The menu follows:

Beef Stew with Vegetables
Masked Potatoes Hot Biscuits
Relish
Pie or Jam and Cake
Tea or Coffee
Lunch will be served from 12 to 2 at the extremely reasonable price of 25 cents.

Treating Seed

The conditions of rust and frost that prevailed over large areas of the West have brought about a difficult problem for treating seed against foot rot disease and rust. Certain treatments are better than others. National Agents have been supplied with the latest information as to the best treatments for certain qualities of seed. They will cheerfully supply this information free to any farmer. See the nearest National Agent.

A VENETIAN EFFECT . . . (below) Warm weather followed heavy snow and then this happened to an Imperial Oil dealer up near Slave Lake. Where motor cars used to stop, motor boats became the customers—but what matter? Imperial Oil products are favorites both on land and water.

SHIPLOAD OF POWER . . . (left) An Imperial Oil tankship in the Welland Canal. This is one of a fleet of ten lake vessels and fifteen coast-going tankers that help in the big work of providing an unfailing supply of Imperial gasoline and oils for the Canadian market.

CAREFUL, CAREFUL! . . . (above) Quality is the result of infinite care. Here an Imperial Oil scientist is checking a sample of Marvelux to be sure it measures up to the specifications that make it the ideal lubricant for your car. Wherever you go in Canada you'll see the Imperial Oil oval sign. Day and night thousands of Imperial workers are employed making and distributing high quality products. Most motorists buy at the Imperial Oil sign so that they will be sure of good service, high quality and fair value.
